RESPONSE OF THE UNITED STATES POSTAL SERVICE
TO CHAIRMAN'S INFORMATION REQUEST NO. 2

2. The Governors' Decision 13-2 at 3 states that the average price increase for Parcel Select is 5.9 percent. However, the PS_Summary Calc.Redacted.xls workpaper reports a 9.2 percent average price increase for Parcel Select. Please reconcile this discrepancy.

RESPONSE:

The average price increase for the non-lightweight Parcel Select price categories is 5.9 percent. The price increase for the Parcel Select Lightweight price category is 10.1 percent. The overall price increase for the entire Parcel Select product, taking a weighted average of the Lightweight and non-lightweight price categories, is 9.2 percent. The term "non-lightweight" was inadvertently omitted from the cited sentence in Governors' Decision 13-2.
